Visiting Scholar Position

CBA announces the formation of the Visiting Scholar Position to attract Armenian students studying abroad.

With growing number of Armenians studying at PhD granting institutions around the world, CBA is creating this position to attract such scholars and provide a supportive environment that allows them to continue their research uninterrupted by their visits to the homeland.

The position will be available for the duration of the choosing of the scholar. Scholars may occupy this position during their visits to Armenia on school breaks or for an extended stay, and they will be provided with resources to carry on their research. These include desk, computer, and internet access as well as access to available economics databases and library resources. In exchange, scholars are required to present their research in at least one seminar.

Candidates for this position must have completed the doctoral dissertation or are in the process of writing it. The fields of interest are economics, finance and statistics.

This position carries no compensation except when the visiting scholar agrees to directly contribute to the research efforts of the CBA.

If interested please contact hrm@cba.am or call (010) 59-26-34.
