

The design of the graphical symbol (sign) of the Dram of the Republic of Armenia authored by Karen Komendaryan and Ruben Arutchyan was approved and chosen out of the other design proposals under the Central Bank of Armenia Board Resolution No. 25, dated 09.10.2001.

The sign of the Dram was registered in the State Standard of the Republic of Armenia in 2007 and in the ISO/UNICODE international standards in 2012. The sign of the Dram looks this way: "֏".
