Statistical overview

The Statistical Overview section of the monthly CBA Bulletin of the Central Bank of Armenia includes data on monetary, external, fiscal and real sectors, and data on RA payment and settlement system and financial system indicators.

The data source of real sector (excluding core inflation) and external trade in goods is the Statistical Committee of the Republic of Armenia (). The data source on fiscal, external sectors, monetary and financial statistics, core inflation and payment and settlement system is the Central Bank of Armenia. The monetary and financial statistics includes data on monetary indicators, financial market and the main indicators of financial system.

Monetary indicators are compiled in accordance with the CBA Manual on Compilation of Monetary and Financial Statistics in Armenia which is available on the CBA website in the section Statistics.

The data on monetary indicators, international reserves and external liabilities are subject to revisions per quarter and per annum in order to include the closing entries of the CBA in these indicators. The quarterly data and the annual data are revised (treated as final) two months after the end of the reporting quarter and three months after the end of the reporting year, respectively.

The data on balance of payment, international investment position and gross international debt are compiled and published on a quarterly basis in the Overview for February, May, August and November.

The data on insurance premiums, insurance indemnity, number and amount of insurance contracts in use are published on an annual basis in the Overview for December.

The timetable for the release of statistical data is available on the CBA website in the section Statistics.
