

- 1) throughout the entire text of the Procedure, the words "Registration and Reporting code" and their respective grammatical forms shall be replaced with the words "Registration, Reporting, as well as System participation code" and their respective grammatical forms.
- 2) To supplement Point 3 of the Procedure with Sub-points 32-35 with the following content:
 - "32) **Person managing a non-public fund:** (hereinafter: non-public fund manager) a legal entity having obtained a permit for non-public fund management in accordance with the Law 'On Investment Funds' (HO-245-N, adopted on 22.12.2010);
 - 33) Fund manager:** Investment fund manager or Pension fund manager or non-public fund manager;
 - 34) Person providing crypto-asset services:** according to the Law 'On Crypto-assets';
 - 35)** Information system: an integrity of processes, data, software, equipment, and human resources intended for the collection, processing, transmission (provision), and preservation of information.";
- 3) In Point 5 of the Procedure, to recognize as void Sub-points "3", "4", "5", "6", "8", and "9".
- 4) To supplement the Procedure, after Point 5.1, with Points 5.2 and 5.3 with the following content:

"5.2 Newly registering organizations shall be provided with a code established for Registration, Reporting, as well as System participation, specifically:

- 1) Investment companies,
- 2) Managers,
- 3) Securitization fund managers,
- 4) Payment and settlement organizations,
- 5) Other System participants.
- 6) From the range intended for other System participants, new codes shall also be provided for: the Regulated market operator, the Central Depository, persons organizing foreign currency purchase and sale auctions (Exchange), and the Participant register keeper. 5.3 Codes for 'Managers' and 'Securitization fund managers' shall be provided according to the principle and within the range of the Registration, Reporting, as well as System participation code established for the 'Fund manager'."
- 5) To edit Sub-point 5 of Point 6 of the Procedure to read as follows: "5) In the structure of the Registration, Reporting, as well as System participation code, the X1-digit must be the number 5 (five) or the X1X2-digits together must be starting from 46 (forty-six) up to and including 49 (forty-nine)."
- 6) In the table established by Paragraph "a" of Sub-point 9 of Point 6 of the Procedure: a. in the first row, after the word "X6X7X8", to supplement with the words "(or X6X7X8X9X10)", b. in the second column of the fifth row, to

replace the words "(three digits in length)" with the words "(which has received the Registration and System participation code (three digits in length) or", c. in the third column of the fifth row, after the words "to the Securitization fund manager", to supplement with the words "or to the Fund manager (this wording refers to both X6X7X8 and X6X7X8X9X10 digits)", d. in the second column of the fifth row, after the words "to the Securitization fund manager", to supplement with the words "or to the Fund manager", e. after the fifth row, to supplement with a new row with the following content:

X6X7X8 or X6X7X8X9X10	These digits characterize the Fund manager which currently implements the management of that fund, or Securitization fund, or non-public fund (which has received the Registration, Reporting, as well as System participation code—five digits in length)	
--------------------------	--	--

7) To edit Paragraphs "b" and "c" of Sub-point 9 of Point 6 of the Procedure to read as follows: "

b. The Registration, Reporting, as well as System participation code used for the registration and accounting of Funds (or Securitization funds) consists of the mandatory X1X2X3X4X5 digits and additional (non-mandatory) X6X7X8 or X6X7X8X9X10 digits, which characterize the person implementing the management of the fund (Securitization fund) at the given moment. The X6X7X8 digits are used for persons having a Registration and System participation code (prior to the supplement of Point 5.2), whereas the X6X7X8X9X10 digits are used for persons having a Registration, Reporting, as well as System participation code. In the structure of this code, the additional digits (X6X7X8 or X6X7X8X9X10) are used when, according to legal acts, it is required to identify the person implementing the management of the given fund (Securitization fund). If, according to legal acts, the management of the given fund or Securitization fund is performed by a person not licensed by the Central Bank or a person who has not obtained a permit, then when using the X6X7X8 digits, three zeros '000' may be placed in that part.

c. In the event of a change in the person implementing the management of the fund (Securitization fund), only the X6X7X8 or X6X7X8X9X10 digits, which characterize the person implementing the management of the fund (Securitization fund) at the given moment, are respectively changed in the structure of the code provided to the given fund (Securitization fund). Moreover, a change of the Manager or the Securitization fund manager does not imply a change of the code provided to the Fund or the provision of a new code."

- 8) In Paragraph "d" of Sub-point 9 of Point 6 of the Procedure, after the words "non-mandatory X6X7X8", to supplement with the words "or X6X7X8X9X10".
- 9) To supplement Point 7 of the Procedure with Sub-points 9-14 with the following content after Sub-point 8:
 - "9) Investment companies,
 - 10) Fund managers (including Managers, Securitization fund managers),
 - 11) Persons providing crypto-asset services,
 - 12) Payment and settlement organizations,
 - 13) Other System participants,
 - 14) From the range intended for other System participants, new codes shall also be provided for: the Regulated market operator, the Central Depository, persons organizing foreign currency purchase and sale auctions (Exchange), and the Participant register keeper.";
- 10) To edit Point 13 of the Procedure to read as follows:

"13. The Registration, Reporting, as well as System participation code provided to a financial organization is also used for the given organization and shall not change if the latter becomes a participant in the payment and settlement or information system of the Central Bank, provided that, according to the legal acts of the Central Bank, the participant is eligible to join the system."
- 11) To recognize as void Point 14 of the Procedure.
- 12) In Point 18 of the Procedure, after the words "five-digit code", to supplement with the words "or the Registration, Reporting, as well as System participation code. The same organization cannot simultaneously have both of the aforementioned types of codes."
- 13) To edit Point 19 of the Procedure to read as follows: "19. Branches of other licensed or supervised persons are not registered in the payment and settlement or information systems of the Central Bank, and the organization is registered in those systems with the first five-digit Registration, Reporting, as well as System participation code constructed according to the principle defined by this Procedure."
- 14) To supplement the Procedure, after Point 20, with Point 20.1 with the following content: "20.1 If a Fund manager has obtained a permit to implement non-public fund management and is subsequently re-registered and obtains a license to implement public fund management, the Registration and Reporting code provided to the given legal entity shall not change and a new code shall not be provided."
- 15) In Sub-point 2 of Point 22 of the Procedure, to replace the words "up to 449" with the words "up to 440".
- 16) In Sub-point 3 of Point 22 of the Procedure, to replace the words "up to 499" with the words "up to 456".

- 17) In Sub-point 5 of Point 22 of the Procedure, to replace the words "up to 859" with the words "up to 836".
- 18) In Sub-point 6 of Point 22 of the Procedure, to replace the words "up to 899" with the words "up to 867".
- 19) In Point 22 of the Procedure, to recognize as void Sub-point "8".
- 20) In Sub-point 2 of Point 25 of the Procedure, after the words "of the fund being registered", to supplement with the words "including the non-public fund", after the words "X6X7X8", to supplement with the words "or X6X7X8X9X10", and after the words "(including the Securitization fund manager)", to supplement with the words "or the Fund manager".
- 21) In Sub-point 7 of Point 25 of the Procedure, to replace the word "56000" with the word "93000", to replace the word "59999" with the word "99999", after the words "number ranges" to supplement with the words ", except for numbers starting with 95," and after the words "based on the decision of the Chairman" to supplement with the words "preserving the structure established for the Registration, Reporting, as well as System participation codes."
- 22) To supplement Point 25 of the Procedure with Sub-points 8-12 with the following content:
 - "8) Codes for persons providing crypto-asset services shall be provided in the range of numbers from 47001 to 47999 (inclusive), sequentially starting from 47001. Where the code identifying persons providing crypto-asset services (X1X2-digits) is defined as 47, and the number identifying the organization (X3X4X5-digits) is provided in the range of numbers from 001 to 999 (inclusive), sequentially. Moreover, a person providing crypto-asset services shall be provided with one code, regardless of the number of licenses obtained by the latter for providing crypto-asset services.
 - 9) Codes for Fund managers (including Managers, Securitization fund managers, non-public fund managers, and other managers registered in the manner defined by law) shall be provided in the range of numbers from 48001 to 48999 (inclusive), sequentially starting from 48001. Where the code identifying fund managers (X1X2-digits) is defined as 48, and the number identifying the organization (X3X4X5-digits) is provided in the range of numbers from 001 to 999 (inclusive), sequentially.
 - 10) Codes for payment and settlement organizations shall be provided in the range of numbers from 49001 to 49999 (inclusive), sequentially starting from 49001. Where the code identifying investment companies is defined as 49, and the number identifying the organization (X3X4X5-digits) is provided in the range of numbers from 001 to 999 (inclusive), sequentially.
 - 11) Codes for investment companies shall be provided in the range of numbers from 56001 to 56999 (inclusive), sequentially starting from 56001. Where the code identifying investment companies (X1X2-digits) is defined as 56, and the number

identifying the organization (X3X4X5-digits) is provided in the range of numbers from 001 to 999 (inclusive), sequentially.

12) Codes for other System participants shall be provided in the range of numbers from 58001 to 58999 (inclusive), sequentially starting from 58001. Where the code identifying other System participants (X1X2-digits) is defined as 58, and the number identifying the organization (X3X4X5-digits) is provided in the range of numbers from 001 to 999 (inclusive), sequentially."

23) To supplement the Procedure, after Point 25, with Points 25.1 and 25.2 with the following content:

"25.1 When providing a Registration, Reporting, as well as System participation code to newly registering organizations within the range of Sub-points 8 to 12 of Point 25 in accordance with this Procedure, the numbers corresponding to the first three digits of organizations that already have a Registration and System participation code and which were already provided to other organizations of the given type prior to the application of the requirements of Point 5.2 cannot be provided or applied. 25.2 In the event that the Registration and System participation code already provided to organizations is replaced by the Registration, Reporting, as well as System participation code, then when defining the digits identifying that organization (X3X4X5-digits) in the structure of the new code, the corresponding first three-digit numbers of its existing number shall be preserved."

24) To edit the table established by Annex 2 of the Procedure in a new edition, in accordance with the Annex of this Resolution.
